Peter Fischli and David Weiss
„The way things go“ (Filmstill)

Do my thoughts have ... convergence-points?

What does it need to ... discover ?

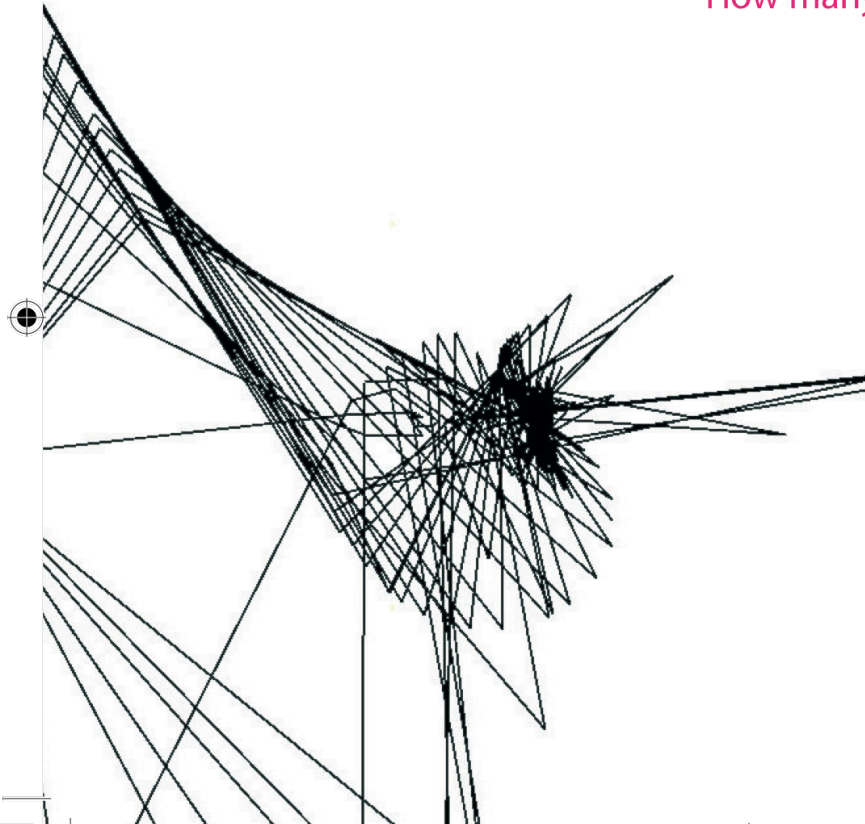

How important is reality for ... thinking?

How many paths lead to ... solutions?

card9.indd 1

05.05.2009 8:40:29 Uhr

Does maths need ... imagination?

How close is logic ... to creativity?

card8.indd 1

05.05.2009 15:47:58 Uhr

What happens if maths goes ... crazy?

Is creativity limited ...by anything?

Do things need ... formulars?
